

Laid In-situ Fibre Reinforced PU Seamless OLYMFLEX

OLYMFLEX Floor can be either laid in-situ as gym floor system or as Mobile Mat reinforced by high strength fibre base mat with flexible mesh.

As for sports floor laid in-situ, it consists of a layer of rubber base mat 5mm to 13mm thick and finished with fortified polymer coating system or PU coating. When applied on top of rubber granules layer, the elastic floor coatings provide a resilient surface for player comfort, safety and performance.

OLYMFLEX Floor offers excellent durability, friendly to knee and slip-resistance. The system is ideal for both indoor and outdoor Badminton Mats and various sports floor like Futsal Arenas, Multi-purpose Halls, etc.

OLYMFLEX Floor has excellent features and makes an ideal multi-purpose surface for schools and colleges. It is excellent in Ball Bounce, Ball Roll and provides a seamless surface for low maintenance.
